

Jelf Manson boosts North West growth with new Account Executive

Jelf Manson, one of Manchester's leading insurance brokers and employee benefits consultancies, has appointed Alastair Teague as Account Executive to promote the company's wide range of services and products.

Alastair's new appointment highlights the company's drive to raise its profile in the region and bolster growth in the area. Reporting to Alan Sumner, Regional Sales Director (North), Alastair will be responsible for developing cross selling opportunities throughout the business. Having previously been employed at Willis for four years, Alastair brings with him a wealth of experience to the role.

Commenting on his appointment, Alastair said: "I have a great deal of respect for the management team at Jelf as well as the company's reputation within the local market, so I am thrilled to be joining the team.

"I am excited to get stuck into my role and start promoting the wider Jelf offering to our clients to ensure that they are fully aware of all the Jelf products available to them."

Alan Sumner welcomes Alastair to the team: "I'm delighted to have Alastair on board. With his previous experience and positive work ethic, I know that he will play a valuable role in bolstering the company's offering, which will benefit our clients enormously."
